

ASK US FOR ANY GRADE,
ANY TIME, ANYWHERE

ABOUT US

Alfoss Energy Limited (AEL), was established in 2010 with the aim of providing a full range of bunker fuels and marine lubricating oils in the port of Mombasa. It began as a synergy between Alpha Group and Fossil Fuels Limited.

Over the years, AEL has established and maintained a cordial working relationship with its clients addressing competently, promptly and in an efficient manner, the needs and requirements of our diverse client base.

AEL continues to monitor the emerging industry trends in order to implement the relevant changes affecting our operations.

COMMITMENT

We feel a strong local commitment and we always strive to support community-based activities as a way of interacting with and caring about our local community.

The well-being of the people in our local community and especially our employees is a vital part of our corporate culture. We know that skilled and dedicated employees make a world of difference to our clients; therefore it is vital to us that our employees enjoy a high level of well-being.

STATE OF THE ART SUPPLY FACILITIES

AEL operates bunker supply vessels, fully equipped with multiple cargo pumping systems, onboard fuel blending systems, fuel testing capabilities and environmental hazard safety equipment.

All our vessels have valid calibrations that have been independently verified for consistent stock checks by the relevant authorities.

DELIVERY SERVICES

Alfoss draws on our strong market relationships, trusted suppliers, up-to-the-minute information and global reach to give you the best bunker fuel prices and delivery options around the world to save you money on your bunker fuel procurement.

We will meet your marine fuels and lubricants requirements at both major bunkering locations and non-traditional refueling ports around the East African Region.

We supply a broad range of bunker fuels and marine lubricants to shipping and rig operators. A growing number of customers, from major energy businesses to logistics companies, choose AEL to meet their offshore refuelling needs. They trust our service capability and our products.

CUSTOMIZED BUNKERING SERVICES

'ROUND-THE-CLOCK BUNKERING SERVICES'

Alfoss Energy Limited (AEL), supplies quality fuel types - DMA and RME-180 - which conform to the requirements of the latest revision of ISO 8217. The fuel is sourced from trusted suppliers and/or refineries from around the world.

We have a selection of suitable tailor made services for both spot and long term arrangements.

We also offer floating hospitality to oil marketers with long term international contracts with seismic firms.

MARINE LUBRICANTS SUPPLY

'FAST, RELIABLE AND SAFE'

We supply all grades of marine lubricants and gas oil, plus various additives for your vessel's engines.

Ask us for any marine lube oil quantities: Bulk, drums, pails, cans, cartridges etc. and our in-house team of lube oil experts will offer you exceptional supply service and flexibility yet to be surpassed.

As an extension of our services, we offer analysis of lube oil, enabling you to know exactly when it is time to change or add more oil to your systems to prevent damages.

OIL SPILL RESPONSE

Our bunker vessels have a clear shipboard oil emergency pollution plan aimed at managing tier-1 oil spills at all times.

We are also members of Oil Spill mutual aid group (OSMAG) and Oil spill rescue action group (OSRAT), whose mandates are the management of tier-2 and tier-3 spills.
